Construction on South Galena Avenue in Dixon begins Aug. 23

DIXON – The Illinois Department of Transportation announced today that work to replace an aging water main on South Galena Avenue (US 52 and Illinois 2/26) in Dixon will begin Monday, August 23. The work is between River and Fourth streets.

The work will close the northbound lanes, and one lane of traffic in each direction will be shifted to the southbound lanes. Construction is scheduled to be completed by Friday, October 15.

Motorists can expect delays and should allow extra time for trips through this area and be prepared for slow and stopped traffic. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
